

**Rap-Shaw Club is on two small islands in Stillwater Reservoir**

**The only way to get there is by boat.**

**Jerry, the Steward, meets you at the parking lot.**

Brings you (and your gear!) to the island

He then transports it by "gator,"

To one of 6 cabins, such as “Loon’s Nest”

Or “Gull’s Nest”

Or “Owl’s Nest”

Where the beds are made ....

And the wood stove awaits for a toasty fire.

Each cabin has a bathroom (sometimes shared with your neighbors on the other side).

The use of a boat (provide your own motor)

Each cabin has it's own spectacular setting!

This is the view from Owl's.

Perhaps you'll want to stay in the camp on top of “Chicken Island” with its views through its trees.

Or the Adirondack Lean-To!

Once you've unpacked, explore the grounds

Walk up the path....

To Happy Hour on the porch of Main Camp...

Before moving to the Dining Room...

For the family style dinner,

Followed by a campfire outside of Main Camp.

Or on the beach

You might want to play cards or socialize, in the “Great Room” (common room) of Main Camp.

In the morning, guests gather for coffee on the dining room porch.

Many things are shared at Rap-Shaw: such a the boat house,

Canoes and kayaks,

The beach and dock areas,

## Shuffle board and horseshoes

And the bath house,

...which is newly remodeled.

And there is plenty of nature...

...for everyone to enjoy...

...on their own...

...until next time.
